INTRODUCING THREE NEW WAYS TO SEARCH DATA IN WILL COUNTY!

As you may have heard we are going to a new vendor for our Land Records online services. We believe it will increase production speed and provide better service to you, our customers. There will be new searching products in place, and a restructured fee schedule associated with searching.

We want to give you a first look at the new remote searching options being implemented in our office. The new searching products will provide remote searching, image viewing and printing capabilities, as well as comprehensive and hands-on training and remote support.

Please continue reading for a first look at the new products coming soon to Will County. We will have training throughout the month of December and into January. We will follow up with more information on training times as the date approaches.

Please feel free to contact my office regarding your remote access and subscription options.

LAREDO

Laredo was designed for users who spend a significant amount of time searching data. Laredo is a downloadable program that allows 24 hour instant access to the most current information available and can be used in the Recorder of Deeds Office as well as the convenience of a home or office setting. Laredo has a customizable result screen and users have the ability to view and print images. Fidlar Technologies has partnered with Will County to provide customer support and training services for Laredo users. Laredo is a subscription based product and does require a contract; the plan prices are listed below.

The screenshot displays the Laredo search interface. On the left is a navigation menu with buttons for Search, Clear, Find, Results, Recording, User News, Counties, and Close. The main area is titled 'Search Criteria' and is divided into several sections:

- Search Party Names:** Includes a 'Party Name' input field with an 'ADD' button. Below it are radio buttons for 'All Parties', 'Party 1', 'Party 2', and 'Party 3', along with a 'Compact Search' checkbox. A table with columns 'Name', 'Party Type', and 'Compact Search' is present.
- Recording Information:** Contains input fields for 'Beginning Doc Number', 'Ending Doc Number', 'Begin Recording Date', and 'End Recording Date', along with a 'Search Group' field and a 'Reference Number' field.
- Parcel:** Features a 'Parcel ID' input field with an 'ADD' button, a 'Wildcard Search' checkbox, and a table with columns 'Parcel ID' and 'Wildcard'. A note at the bottom states: 'Only land record documents with recorded parcel information will be searched.'

Additional search criteria on the right include checkboxes for 'Display First Party Name Only', 'Parcel', 'Address', 'Subdivision', 'Associated Documents', 'Tract', 'Location', 'Survey Map', and 'Later Date'.

Will County Subscription Options (per user login):
